

The bugle of an elk is like
the scream of an engine.

It makes the hair on
your neck stand up.

As an avid hunter-conservationist,
my passion for the great outdoors is
rivaled only by my love of racing.
That's why I'm a life member of the
Rocky Mountain Elk Foundation.
We've protected and enhanced five
million acres of wildlife habitat across
North America. Ensure the future of
elk country. Join me at elkfoundation.org
or 800-CALL ELK.
